Edgewater. A nice neighborhood. Not too busy but still vibrant. It benefits from being on the Red Line, making a trip downtown an easy 30-minute train ride. It's also on the northern terminus of Lake Shore Drive, making driving downtown convenient as well. Tips

Keep these young alumni words of wisdom in mind as you get to know Chicago.

Chicago Metromix is a good source for learning about city social events.

- **CHRISTOPHER W., JD '12**

The Tribune is good for local news (and its premium service is reasonably priced; just get the app).

- **CHRISTOPHER W., JD '12**

- **EUNICE B., '11**

Chicagoist is a very helpful website as well. - **CHRISTOPHER W., JD '12**

Be ready to be miserably cold from January to March. The rest of the time, it's bearable and sometimes even really nice weather! - **KRISTEN J., '05**

Invest in a very warm coat (maybe a Canada Goose) and you'll be fine. Don't let the cold weather prevent you from getting out of the house. - **EUNICE B., '11**

Talk to locals because they know the most and are Midwest-nice! - **HANNAH K., '13**

You don't need a car to get around but public transportation can also get frustrating at times. Plan a little more time to get places if you're taking the bus or the train. Uber is a great alternative if you're willing to pay for it. - **STEPHANIE C., '10**

Tips

Find a neighborhood with easy access to the “L”. It will make your life a lot easier. Invest in good shoes and wool socks for the winter. If you’re from California and haven’t experienced snow, get ready. A good scarf and mittens are also a must.

- **STEPHANIE C., '10**

It’ll take some time to really get a good grip on this city. But it’s a marvelous place. Just enjoy the process of learning the town. - **CHRISTOPHER W., JD '12**

Definitely buy a bike or get Divy (Chicago’s bike-share) as Chicago is a very bike-friendly city! If you don’t live walking distance to work, make sure you live near public transport. Chicago is a cold shock compared to Palo Alto! - **TESS H., '12**

Call bars before you go to make sure that they will switch a football game to Stanford—bars often have vehement allegiances to colleges! - **TESS H., '12**

If you’re not going to have a car, living close to the “L” is really important. It’s worth the extra cost because you’ll have access to people and things. You’ll feel more connected to other young people. Definitely convenient not to have a long public transit commute to work. - **DONOVAN E., '11**
